Cancellation Policy

Registration cancellations must be received by June 11, 2008. There will be no refunds after this date. Refunds will be processed after the conference. Substitute attendees are welcome.

Who Should Attend?

This conference will be of interest to provincial/territorial/state and federal government ministries and departments, policy makers, and individuals who provide health care and social services to older persons. It is also relevant to family violence and human rights groups, police and other law enforcement personnel, public and private organizations and persons involved with older adults at a community or institution level (such as administrators of home care agencies, housing for seniors, and care facilities), seniors' organizations, educators, researchers, students, senior citizens and their families, as well as advocates and volunteers who work on their behalf.

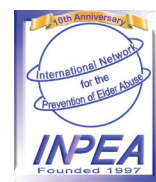

CALL FOR POSTERS

The conference will feature a limited number of posters that highlight unique service programs, educational or legislative initiatives or research projects related to the conference theme. If you wish to present a poster, submit a 200 word abstract. Accepted presenters must be registered to attend the conference. Posters from community groups and agencies, students and academic and community-based researchers are welcome.

Deadline for submission of poster abstracts is May 30, 2008. Submit electronically to the Conference Secretary, Christen Erlingsson (christen.erlingsson@hik.se). Posters accepted for presentation will be confirmed via e-mail within 7 days of the deadline or earlier.

Student Poster Competition

Cash prizes will be awarded for the best posters submitted by students. First prize \$500; \$250 for two runners-up.

WORLD ELDER ABUSE AWARENESS day 2008

Building Knowledge & Networks
to Address Elder Abuse:
Pathways to Human Rights

A Two Day Conference Organized by the
International Network for Prevention of Elder Abuse
& Canadian Network for Prevention of Elder Abuse

JUNE 16th & 17th, 2008

GOVERNMENT CONFERENCE CENTRE
2 RIDEAU STREET, OTTAWA, ONTARIO

Abuse and neglect of older persons occurs in all countries. It knows no borders or boundaries; no country or culture is immune. As population aging takes place around the world, the number of older victims of abuse and neglect will increase dramatically unless steps are taken now to prevent its occurrence.

The Focus of this Conference is on Solutions.

Day One begins with a description of some innovative approaches in services, policies and programs in the host country, Canada. Like several other parts of the world, Canada has come far in the 30 years since this human rights issue first became recognized, but considerable work remains to be done before eradication of harms to older persons becomes a reality. Discussion of the Canadian experience sets the stage for consideration of activities in other countries.

To mark World Elder Abuse Awareness Day, INPEA's official global event, will take place on the afternoon of June 16. Representatives from the consular corps will be invited to join conference delegates in learning about the status of implementation of recommendations contained in the United Nations' Madrid International Plan of Action on Ageing 2002. Attention will be drawn to the special concerns of developing countries and countries in transition.

Day Two opens with consideration of abuse and neglect of older persons in the context of family violence prevention, followed by a panel highlighting best practices from around the world.

The role of NGOs in advancing the abuse prevention agenda will be considered next. Delegates will then break into small groups to discuss what success would look like in addressing elder abuse and neglect on a local, regional and international scale. They will be tasked with identifying short, medium and long-term goals and strategies for achieving them.

The conference will end with an outline of an action plan for the next five years, designed to advance the Madrid Plan in its goal of achieving "A World for All Ages" and a world free of abuse and neglect in later life.
